Welcome to the British Virgin Islands (BVI's) and discover "Nature's Little Secrets" comprising more than 60 pristine Caribbean islands most of which are totally uninhabited. We invite you to come explore these unspoilt and idyllic islands with the whitest sandy beaches you are ever likely to see, turquoise waters and vibrant lifestyle. When you sleep at night, and dream what the Caribbean looks like, you are actually dreaming of the BVI's. And when you come to visit, it is a dream from which you will not want to wake.

Tortola, the archipelago's main island is a sailor's dream with its many protected anchorages from which to explore the seas made famous by pirates such as Black Beard while the secluded palm-shaded beaches of Apple Bay and Smuggler's Cove make for excellent swimming and snorkelling. There are also many well-equipped facilities for fishing, scuba diving and horseback riding. There is so much that can be said about this delightful part of the world, but you can never truly appreciate it until you come and visit.
